

Vincent Church Youth Mission Trip

Six youth and two adults from Vincent Church spent one week in July on a mission trip to the Corning, NY area. The RISE Service Project helps youth put their faith in action by arranging mission sites for groups to work on the homes of the poor, elderly, or handicapped in the Steuben County area of New York, one of the poorest in the state. The Vincent Church group worked on the mobile home of an elderly man, fixing and sealing the roof and cleaning and painting the siding. Those participating were: Kayla Torres, Marisa Torres, Scott Pfifferle, Alexis Phillips, Alexandra Phillips and Dominic Torres and chaperones Danica Meade and Lesley Shaw. The team gave a presentation at church on July 31, sharing about their incredible and inspiring experience.
