

What is baptism?  
How does that water mark us as Christians?  
How does God's grace invade our lives in baptism?  
Is it for a lifetime?  
We'll be exploring all these questions and more  
in a three week worship series  
here at Vincent Church starting on January 14.

### **“Water and Roots”**

In January, Vincent Church will join with thousands of United Methodists in Greater New Jersey by sharing in a three-week worship and sermon and small group experience entitled “Water and Roots.” As we celebrate our baptism and life in Christ, we will re-center, reclaim, and reaffirm our faith by reflecting on the gift of baptism. The highlight will be an opportunity to make or renew our baptismal vows as followers of Jesus Christ. Please plan to join us for this adventure of faith and grace!
